## Love Your Neighbor Evangelism Webinar

*“More than evangelism training, it’s sensitivity training”*

*- Biman Majumdar, Church Planter,  
Leadership Building Coalition, Kolkata*

**Love Your Neighbor** is authored by Cru staff member Cathy Douglass and taught by Cathy and associate trainers. It encompasses 12 hours of interactive teaching, discussion, demonstration, practices, videos, a small amount of homework, and a recommended but optional field trip to a temple. It concludes with practical strategies and tools for continued application. The notebook contains many articles and resources for further study. Students will find many principles applicable to evangelism with people from a variety of backgrounds.

Cathy Douglass has been a missionary since 1978 and specialized in ministering among South Asians since 1993. This webinar will be co-taught by Brian Peterson who lived and worked in South Asia for many years.
