A RECENT STORY

Sharing Jesus!

Making a difference in people's lives by sharing the love and hope of the gospel is a wonderful privilege! All of us have been commissioned by God to do this spiritual work in our homes, our nation and around the world.

John,* a businessman, is fulfilling this challenge by sharing with international students at an American university. He knows that many of them are from a country where Christianity is forbidden. John once simply told them, "You know, while you are here in our country, you really should take advantage of your time and learn all you can about America, our culture, our history and, if you are interested, about our religions, such as Christianity." He then offered them gifts of *JESUS* DVDs in their mother tongue.

One young man was very interested. He watched the DVD and was greatly impacted. He then communicated with his father about what he had learned concerning Jesus Christ. His father traveled to America to visit his son, and he, too, was drawn to Jesus as he watched the *JESUS* DVD over and over for five hours. The father asked to meet the man who had given his son this gift. That very night, the truth of the gospel penetrated this father's heart as the plan of salvation was laid out for him. And then, he prayed to receive Jesus as his Savior. The father has now moved to America to learn all he can about his new faith from John, who took seriously the challenge to fulfill his part of Jesus' Great Commission.

Pray for God to reveal who you can share one of these *JESUS* DVDs with and know that God's Word will not return void.
