A Recent Story

Reaching All Ages!

*Jesus Through Children's Eyes** is a family film that is reaching people of all ages. We received a report about a grandfather who hesitantly agreed to watch the movie, because his grandson wanted to watch it with him. The grandfather was transfixed by this dramatization of Jesus' life. After the movie, he exclaimed to his daughter, "I never could read that book [the Bible], but this movie answered my questions!" The family then witnessed a dramatic transformation in this grandfather's attitude, speech and actions.

In another instance, one of our staff members, Nancy, showed *Jesus Through Children's Eyes* in Chinese to a man who asked her to teach him about Christianity. Nancy said, "He was totally absorbed in the film, sitting literally on the edge of his chair the entire time. Afterwards he said that the film really helped to make things more understandable to Him. His interest has been so intent. I'm trusting that he will make a decision for Christ at some point."

Lastly, we were filled with joy to receive news from our niece saying that she and her son watched the DVD *Jesus Through Children's Eyes* that we gave the family. Her son prayed to receive Christ as his Savior during the ending presentation by the children actors in the film. This young man continues to reflect Jesus' love and goodness.

Giving a DVD or a gift card for free downloads of *Jesus Through Children's Eyes* in many languages is a wonderful way to help reach people of all ages with the gospel.

Pray for more and more of our "newest neighbors" to welcome Jesus into their lives.

SUNDAY: Praise God that over 4,900,000 multi-language *JESUS* DVDs have been distributed to churches and partner ministries over the last 10 years. Thank God for all who placed their faith in Jesus after watching this powerful film. Pray they will continue to grow in their faith.
